

SALINAS SAYS HE ROBBED THE JACKSON STORE

Pedro Salinas, who two weeks ago escaped from the Sisters' hospital, a few hours after being operated upon for a head wound received in a gun duel with Deputy Sheriff James T. Murphy, who arrested him, was recaptured yesterday by Sheriff Wilkey and his deputies in a Mexican shack twelve miles southwest of town.

A telephone message to the sheriff's office from Martin Garcia shortly after midnight Tuesday disclosed the fact that three of his horses had been stolen and the posse of deputies in pursuit connected Salinas with the crime. At eight o'clock yesterday morning the efforts of the officers were rewarded and Salinas, who had made such a sensational fight for freedom, was again in the hands of the law. Andrew Rosas and Elias Fuentes were arrested with him on a horse-stealing charge and it is understood that complaints

will also be placed against them for aiding and abetting Salinas to escape and for offering him protection. Salinas alleges that he left the hospital unaided. He declares that while his guard slept he crawled out of the window and despite his weakened condition walked twelve miles to the little hut where he was discovered. For two days he suffered severely, he said, but later he improved although he is still a trifle weak. He did not put up a fight when surprised by the officers in his rude surroundings.

The men were on the trail for hours. They left town immediately upon being notified by Garcia that his horses had been taken from the pasture, and following the tracks, went southwest of town. There were several houses in the district and the trail was lost now and again, but the shack where Salinas was hidden was finally reached. It was surrounded at once by Deputies Clarence Wiggs, Sam Barrett, E. J. Warren, George Slade, Charles Nafziger and Harry De Winton. The sheriff making for the entrance. Salinas' companions, hearing the noise outside, opened the door and after turning them over to his deputies, Wilkey went in search of the most interesting object of his search, whom he found sleeping peacefully in the rear of the building. Without a gun by his side he had no chance and, taking the whole affair as if it were a joke on him, gave himself up without a word. In the trip to town he laughed and talked to the officers.

Later, before Justice De Souza on the charge of stealing \$100 from a Chinese merchant Salinas asked the name of the man who signed the complaint. When informed that it was Greg Jackson, he laughed and said: "Yes, I did it." Justice De Souza placed his bond at \$1500.

While the only charge against Salinas is the robbery of the Jackson store, he is supposed to be the midnight bandit who held up and shot Otto Grossbreuner and his wife at Riverside the night before the Jackson robbery. It was a few hours after this hold-up that Salinas is said to have entered Greg's place of business from which place he was trailed by Murphy, who in a spectacular gun duel succeeded in the capture of Salinas and his companion who is now awaiting action of the juvenile court.

Francisco Ruiz, his wife and Cruz Larrinua were taken into custody by Constable Roy Morrell and have been held in the county jail in connection with the escape of Salinas. While Morrell has not been able to identify them with a robbery that occurred November 27, when Dan Hi Loy, a Chinese merchant, was robbed of a large amount of stock and of cash in the sum of \$25, Ruiz has admitted the theft.

RATE HEARING IS BROUGHT TO CLOSE

The protestants in the hearing before the corporation commission in which the Santa Fe is asking for a twenty per cent rate increase on all freight in Arizona, were heard yesterday by the commission.

It was the last day of the hearing, and the whole day was given over to hearing testimony showing that the rate is at present charging all the freight the shippers can stand.

Members of the commission's force were on the stand, introducing exhibits prepared in the past few months, which in addition to the mass of data furnished by the road, will be taken under consideration by the commission. The hearings were held in the court room at the city hall.

BOMB WRECKS TOLEDO HOTEL

[Republican A. P. Leased Wire]
TOLEDO, O., Jan. 10.—Four rooms in a downtown hotel where strike breaking men in the employ of the Ohio State Telephone company are housed, were wrecked by a bomb tonight.

The clerk at the hotel said that the room in which the explosion occurred was occupied by C. C. Connors of Cleveland, a marine engineer whose boat is tied up here for the winter. Connors was uninjured. The bomb fell into the room below, which is occupied by two strikebreakers who were absent at the time. Two rooms on the third floor and two directly beneath them were wrecked. Doors and windows were blown out and locks were blown from the doors. Steam and water pipes were broken off and a part of the hotel was flooded. Every available policeman in the city is working on the case.

AGREEMENT ON HARBORS BILL

[Republican A. P. Leased Wire]
WASHINGTON, Jan. 10.—Final agreement on the canal and harbors appropriation bill was reported today by the house committee. The measure carries \$38,155,333, of which something over \$10,000,000 is for new projects and the remainder for continuing existing projects.

Chairman Sparkman will report the bill this week, with the hope of having it taken up as soon as the pending postoffice bill is disposed of. Appropriations provided for new projects not previously made public, include:

Delaware and Maryland—Chesapeake and Delaware canal, \$1,300,000.
California—San Diego harbor, \$85,000; Los Angeles harbor, \$50,000; San Rafael creek, \$27,300.
Alaska—Apcon mouth of Yukon river, \$45,000.

AGREEMENTS FAR REACHING

[Republican A. P. Leased Wire]
WASHINGTON, Jan. 10.—Further advice received here today concerning the new Russo-Japanese treaty indicates that the series of collateral agreements not included in the announced terms were more far reaching than had been outlined. They suggested in addition to granting various mutual concessions in Manchuria the two governments are said to have entered into a general agreement along political lines, presumably defining their respective spheres of influence and the relations of these spheres to each other and China. While officials will not comment on the reports they are deeply interested in all of the many recent developments in the Far East and their possible effect upon the future of China.

EGAN IS COMING HOME

COPENHAGEN, Via London, Jan. 10.—Dr. Maurice F. Egan, American minister to Denmark, will leave here February 8, accompanied by Mrs. Egan for a two months' visit to the United States. The purpose of his trip, it is said, is for consultation on an important subject.

COSSACK RIOTS CAUSING TROUBLE

WASHINGTON, Jan. 10.—Information received here today indicates an increasingly serious situation between China and Russia over the recent reported killing of from 200 to 300 Chinese by Cossacks in a riot at Kailui, in the interior province of Sinkiang, or Turkestan.

Negotiations over five demands presented by China on Russia, including indemnity for bereaved families and proper apologies and guarantees for the future, are still going on with no settlement in sight.

The rioters were Cossacks who annually go south into Sinkiang during the fall and return under escort of Chinese troops as soon as the harvest is complete.

Creighton News

While last Wednesday's rain made it rather disagreeable getting out, most every one here the inconvenience, smilingly knowing that when the mud dried up the roads would be better and that the rain would start the feed to growing and the district. The feed question was beginning to assume large proportions, hay being high and scarce, but now with the abundant rain and warmer weather, the fields are already beginning to show decidedly green.

Very little interest was shown in our road election Saturday, there being only a few votes cast. We hope those who failed to vote will quit complaining about the condition of the roads for the repair of which they voted a ten thousand dollar bond two, three or four years ago and which are still in a deplorable condition. The constant mid-hole at the corner of Roosevelt street and Aylton road is a positive disgrace, and we hope the new man elected, Judge Phillips, will arouse a little more interest in the condition of these side roads than any of the former boards have ever done. We wonder, too, why the election is always held at the home of Mr. Hurley instead of at the school house, as all other elections are.

The board surely does not desire to intimidate the voters or make it too inconvenient for those living toward the east end to go and vote, but what other motive there be? We hope next year a really fair, square, election may be held.

The Friday morning fog caused some collisions of Creighton cars which resulted in damage to the same. Horse Moore and Mr. Hurley collided, damaging both cars; and Mr. Will Creighton's car was also damaged when it and another car collided. The fog was so dense that the cars were driven as slowly as possible and many of the horns kept blowing, the drivers not being able to see the length of their cars ahead of them. Seldom is such a fog seen in the valley.

Mrs. Brian has taken out her orchard, which was situated on the lower corner of her place next to the Grand canal. It was too far from the new house on the McDowell road to do them any good, so Paul has taken the trees out by the roots and will use them for fuel.

The little daughter of our manual training teacher, Mr. C. C. Cash, has had pneumonia, but is recovering. Mr. and Mrs. Earl Rasm entered the Servinhams family at dinner last Thursday, the occasion being Mrs. Rasm's birthday.

Mrs. Munch, one of the old time residents of Creighton died Sunday morning at her home on the corner of McDowell and Orange roads. Mrs. Munch had no relatives here, but had been well cared for by Mr. and Mrs. Fredmanson, who have lived in her home for some time.

For some time, Mr. Munch died several years ago, and Mrs. Munch, though an old woman, had marketed her own poultry and eggs, done her own work and lived alone until less than a year ago.

The Muldrows were entertained at dinner in the Servinhams home on Sunday.

Two of the S. S. classes were without their regular teachers Sunday, as Mr. and Mrs. Walter Wilson were both unable to be there. Mrs. Wilson had been confined to her bed all day Saturday and on Sunday morning Mr. Wilson took the "jumping" toothache. It was better in the afternoon, but he was unable to get out to the league. Their oldest son, Fred, was also feeling badly and unable to be out. Several of the church people called at the Wilson home on Sunday.

During the week, Mrs. Powers who had been much improved in health, had a relapse of pleurisy and suffered again severely, but is again able to be up.

The baby of Mr. and Mrs. Thompson, who live on the old "Deardley Ranch," died Saturday of diphtheria. It always seems so much more sad when death is the result of some contagious disease, because the friends can not go in and offer their help and sympathy. The sympathy of the community is nevertheless real and is extended to this bereaved family.

Mrs. Clow, who is one of the very much loved older ladies of Creighton church, has been suffering a three weeks stage of grip, at the home of her daughter, Mrs. Richmond. Few of our people knew that she was sick, but all will be glad to learn that she is improving.

Mr. J. T. and C. R. Ritter returned Saturday from a ten days trip to the latter brother's mining property near Wickenburg.

Mrs. Craddock and Mr. Beavre accompanied Mrs. Langley to League Ranch, died Saturday of diphtheria. It always seems so much more sad when death is the result of some contagious disease, because the friends can not go in and offer their help and sympathy. The sympathy of the community is nevertheless real and is extended to this bereaved family.

Announcement

P. T. Hurley has purchased Tribolet's Market and will hereafter conduct the business under the name of

HURLEY'S MARKET

At the same location—114-118 E. Washington St.

788—Phones—789

for some time. Mr. Munch died several years ago, and Mrs. Munch, though an old woman, had marketed her own poultry and eggs, done her own work and lived alone until less than a year ago.

The sympathy of the community is nevertheless real and is extended to this bereaved family.

Mrs. Clow, who is one of the very much loved older ladies of Creighton church, has been suffering a three weeks stage of grip, at the home of her daughter, Mrs. Richmond. Few of our people knew that she was sick, but all will be glad to learn that she is improving.

Mr. J. T. and C. R. Ritter returned Saturday from a ten days trip to the latter brother's mining property near Wickenburg.

Mrs. Craddock and Mr. Beavre accompanied Mrs. Langley to League Ranch, died Saturday of diphtheria. It always seems so much more sad when death is the result of some contagious disease, because the friends can not go in and offer their help and sympathy. The sympathy of the community is nevertheless real and is extended to this bereaved family.
